

1. with indecent language, comments, remarks and uncalled for opinions on today's radio stations it is important for me to have a radio station like non-commercial K-LOVE on the air because of all the driving time I spend on my job.
2. If stations like K-LOVE, and I don't know of but a couple, were pushed off the air by Low Power FM then you would be creating a monopoly which is unconstitutional.
3. Stations like K-LOVE give decent Americans the right to choose what's right for them and their families to listen to and if you take that away you are committing a moral crime against humanity.
